

Background and conditions

The sale of alcohol on GAIN Global Trader is generally prohibited. However we do allow a limited number of recognised wine sellers to list wine according to certain rules: Listings are to be limited to six and twelve bottle lots and payment is strictly by credit card only. Bids and questions will only be accepted by registered members confirming that they are over eighteen years of age.

It's the wine seller's responsibility to ensure all sales and conduct complies with New Zealand laws and the Code for Advertising and Promotion of Alcohol. Each listing must show a clear image of the off-licence or link to it. If you don't have the photo on your listing, you can either include a photo of it on your

GAIN Global Trader member profile, or include a URL to an external website displaying an image of the off-licence. Listings need to include your name (as displayed on the off-licence), off-licence number, and the date on which the off-licence expires. You must also include your shipping policy on all wine listings.

You must return a copy of your current off-licence and most recent Renewal Certificate with this application form. We may seek verification of the authenticity of your certificate. We may ask for proof that your off-licence remains in force (for example, if you have applied for renewal of your licence but your licence has expired).
